Challenge 6 (2,300 XP)

Card Tricks. Quentillius knows the Prestidigitation cantrip and can use it to create illusions that duplicate the effects of stage magic. When he uses Prestidigitation in this way, he can conceal the verbal and somatic components of the spell as ordinary conversation and card handling.

Hidden Ace (Haste). When Quentillius finishes a long rest, he can choose one spell from the Sorcerer's spell list and imbue that spell into a card. The chosen spell must have a casting time of 1 action, and it must be a level for which you have spell slots. The card remains imbued with this spell for 8 hours. While the card is imbued with the spell, he can use a bonus action to flourish the card and cast the spell within. The card then immediately loses its magic.

Sorcery Points. Quentillius has a number of sorcery points equal to his level/CR which allow him to use the following abilities:

Creating Spell Slots. Quentillius can transform unexpended sorcery points into one spell slot as a bonus action on his turn. The Creating Spell Slots table shows the cost of creating a spell slot of a given level. He can create spell slots no higher in level than 5th. Any spell slot he create with this feature vanishes when you finish a long rest.

Converting a Spell Slot to Sorcery Points. As a bonus action on his turn, Quentillius can expend one spell slot and gain a number of sorcery points equal to the slot's level.

Metamagic. Quentillius knows the following forms of Metamagic:

Empowered Spell. When you roll damage for a spell, you can spend 1 sorcery point to reroll a number of the damage dice up to your Charisma modifier (minimum of one). You must use the new rolls.

Twinned Spell. When you cast a spell that targets only one creature and doesn't have a range of self, you can spend a number of sorcery points equal to the spell's level to target a second creature in range with the same spell (1 sorcery point if the spell is a cantrip). To be eligible, a spell must be incapable of targeting more than one creature at the spell's current level.

Wind Speaker. The arcane magic you command is infused with elemental air. Quentillius can speak, read, and write Primordial. Knowing this language allows him to understand and be understood by those who speak its dialects: Aquan, Auran, Ignan, and Terran.

Tempestuous Magic. Starting at 1st level, Quentillius can use a bonus action on his turn to cause whirling gusts of elemental air to briefly surround him, immediately before or after he casts a spell of 1st level or higher. Doing so allows him to fly up to 10 feet without provoking opportunity attacks

Heart of the Storm. At 6th level, Quentillius gains resistance to lightning and thunder damage. In addition, whenever he starts casting a spell of 1st level or higher that deals lightning or thunder damage, stormy magic erupts from him. This eruption causes creatures of his choice that he can see within 10 feet of him to take lightning or thunder damage (choose each time this ability activates) equal to half his sorcerer level.

Storm Guide. If it is raining, Quentillius can use an action to cause the rain to stop falling in a 20-foot-radius sphere centered on him. He can end this effect as a bonus action.

If it is windy, he can use a bonus action each round to choose the direction that the wind blows in a 100-foot-radius sphere centered on him. The wind blows in that direction until the end of his next turn. This feature doesn't alter the speed of the wind.

War Caster. Quentillius has advantage on Constitution saving throws that he makes to maintain his concentration on a spell when he takes damage.

He can perform the somatic components of spells even when he has weapons or a shield in one or both hands.

When a hostile creature's movement provokes an opportunity attack from him, Quentillius can use his reaction to cast a spell at the creature, rather than making an opportunity attack. The spell must have a casting time of 1 action and must target only that creature

Spellcasting. Quentillius is able to cast the following spells using the Sorcerer Class:

Cantrip: Fire Bolt, Ray of Frost, Friends, Light, Thunderclap, Shocking Grasp

1st Level (4 Spell Slots): Charm Person, Expeditious Retreat, Ice Knife, Thunderwave

2nd Level (3 Spell Slots): Crown of Madness, Frost Blade (Flame Blade), Kinetic Jaunt, Suggestion

3rd Level (3 Spell Slots): Antagonize, Haste, Lightning Bolt, Water Walk
